# TECHNICAL ASSISTANCE

## TO SUPPORT THE INTEGRATION OF MENTAL HEALTH INTO GLOBAL FUND PROGRAMMING

| Organisation | TA Support | Eligible countries | Thematic focus | Modality of support |
|---|---|---|---|---|
| GIZ | GIZ BACKUP | Cameroon, Ethiopia, Kyrgyzstan, Liberia, Mozambique, Nigeria, Sierra Leone, Tajikistan, Togo, Uganda, Ukraine, Uzbekistan, Zimbabwe | Focus on three core areas:<br><br>• Community Engagement<br>• Coordination and Governance<br>• Integrated, People-Centered Health Systems<br><br>See Playbook of BACKUP Health - Global Programme Health Systems Strengthening! for more details | GIZ provides support to address technical needs through consultancies. Additional financial support may be provided to the organisation to be able to address the technical needs as well. Countries that can leverage this opportunity to advance the integration of mental health services in Global Fund supported HIV/TB programming as part of integrated, people-centred health systems.<br><br>Support for institutional strengthening (STAGE) is also available. This is medium- to long-term approach combines technical assistance and organisational development. |
| Expertise France | L'Initiative | Algeria, Benin, Myanmar, Burkina Faso, Burundi, Cambodia, Cameroon, Chad, Comoros, Congo, Cote d'Ivoire, Djibouti, Ethiopia,  Gabon, Gambia, Ghana, Guinea, Equatorial Guinea, Guinea-Bissau, Haiti, Lao PDR, Lebanon, Liberia, Madagascar, Mali, Morocco, Mauritius, Mauritania, Mozambique, Niger, Central African Republic, Democratic Republic of the Congo, Dominican Republic, Rwanda, Senegal, Sierra Leone, Thailand, Togo, Tunisia, Vietnam | Support can take the form of specific missions, studies, workshops or trainings. For example:<br><br>• Supporting country dialogue between different health stakeholders<br>• Supplying data: reviewing active files, epidemiological studies<br>• Support to write a Global Fund proposal, or a grant renewal request<br>• Governance: organizational assessments, support for civil society participation in official proceedings, capacity building of CCM members<br>• Support to develop grant applications<br>• Support during implementation<br>• Strategic monitoring of grants, for example: capacity building support in Global Fund funding management: accounting, finance, hospital administration, supply management, etc. | L'Initiative aims to strengthen access to and implementation of Global Fund grants.<br><br>Countries that have included mental health activities in their Global Fund HIV/TB grants and have specific TA needs for design, implementation and/or evaluation should consider requesting support.<br><br>More details are available through the Technical Support Request Kit. |
| STOP TB Partnership | | Stop TB Partnership works with all Global Fund eligible countries. The type of support provided is based on funding that might be prioritized. | Stop TB Partnership support the following areas:<br><br>• Global Fund grant implementation, including funding request development, TRP clarifications, grant making and operationalization<br>• Finding missing people with TB<br>• Overcoming social barriers to accessing quality TB services i.e. stigma and community monitoring etc.<br>• Promoting "South-South learning" as well as supporting advocacy for policy change<br>• Sustaining meaningful engagement of TB affected communities and civil society<br>• Contributing to country missions, assessments and reviews as part of Joint Program Reviews, rGLC missions etc.<br>• Providing funding to governmental and non-governmental partners to drive innovation into TB service delivery<br>• Working to ensure equitable access to TB medicines and diagnostics through Stop TB Partnership's Global Drug Facility (GDF) | Technical support is provided by Stop TB Partnership teams: CCS4i, TB-REACH, the Global Drug Facility (GDF), as well as through 8 rosters of experts and more than 200 consultants – including expertise in the development of TGF funding requests, reprogramming and implementation. |
